

Meet Darshana - a class six student from Dabkhkh village of Kaprada, Gujarat - who is visibly elated to see a fully-grown ridge gourd that she nurtured in her backyard. She is a student of Atul Adhyapika Sundariben. We share the happiness and excitement of students like Darshana, who stay in remote villages, and have learnt and experienced the joy of growing vegetables in their backyards through the Ankur project. Atul Nutrition Garden and Ankur are the two major projects, wherein Atul Foundation provided seeds and necessary training to the children and their families to grow nutritious vegetables in their backyards. These projects secured supply of nutritious food for the children and their families, and were a learning experience for them.

## Legacy

---

Much before the concept of Corporate Social Responsibility had evolved into its present form, Atul Ltd (Atul) has been engaged in serving the society with diverse initiatives related to education, empowerment, health, relief, infrastructure and conservation. Kasturbhai Lalbhai, the Founder of Atul and an Indian legend, ensured complete commitment to community development and welfare in every company he established. The primary reason for the establishment of Atul was to generate large-scale employment and consequently improve the standard of living in rural India. His passion to give back to the society was reflected in his daily schedule; he spent half a day on growing businesses while the other half was dedicated solely to social service. He appointed Balwantrao Mazumdar, an economist and Siddharth Lalbhai, his elder son and a chemical engineer, to develop Atul, both of whom continued with the fine legacy.

In 1978, Siddharth Lalbhai laid the foundation of Atul Rural Development Fund in an endeavour to further the rich legacy of his father and bring focus to rural development initiatives undertaken by Atul. He personally oversaw these initiatives which were being implemented and took keen interest in consistently improving their quality, variety and impact.

Over the years, with an increase in the number and scope of various initiatives related to serving the society, Atul Foundation was established in 2010 as an umbrella trust of Atul.

## Kasturbhai Lalbhai (1894 - 1980)

The legacy of Kasturbhai Lalbhai has been synonymous with three terms: excellence, perseverance and trusteeship.

Social responsibility must include sympathy, helpfulness and willingness to forego self interest in order to promote the welfare, happiness and contentment of others and of the country as a whole.  
~ Kasturbhai Lalbhai

---

## Balwantrai Mazumdar (1902 -1981)

An economist, Balwantrai Mazumdar was a voracious reader, sound thinker, patient listener and a farsighted professional. He created an atmosphere of camaraderie that brought out the collective best in the people of Atul. He was the moving force behind making the first site of Atul one of the largest eco-friendly manufacturing facilities of its kind in the world. He remained with the Group till the end of his life as did most of the people who worked with Kasturbhai Lalbhai.

---

## Siddharth Lalbhai (1923 - 1998)

A chemical engineer and the elder son of our Founder, Siddharth Lalbhai dedicated his life to the development of Atul. He accorded equal value to creation of wealth and service to society. The principles of trusteeship that he upheld, the personal qualities of integrity, perseverance and simplicity that he lived by and the single-minded devotion that he gave to tasks on hand will always remain our guiding force.

## Identity

---

Atul Foundation was established by Atul on November 25, 2010. The Foundation is registered as a public charitable trust under Gujarat Public Trusts Act, 1950. Atul Foundation is an embodiment of the Purpose and Values of Atul towards serving the society.

## Purpose

---

Atul Foundation is committed to fostering sustainable socio-economic upliftment, particularly in the lives of the underprivileged through relevant programs | projects.

## Values

---

### **Empathy**

Perceive, relate and respond to the difficulties, emotions and needs of others

### **Benevolence**

Help the needy without any discrimination, selflessly and humbly

### **Collaboration**

Work as a team and develop meaningful partnerships to serve others

### **Quality**

Conceive and execute projects to provide exemplary deliverables

### **Honesty**

## Chairperson's foreword

---

Dear All,

The COVID-19 pandemic has become a challenge for humanity. The magnitude and unpredictability of the pandemic has tested the resilience of mankind like we had never imagined. It has affected the lives and livelihoods of people. Atul Foundation in its own small way stepped up its efforts to serve the community particularly in the remote parts of Gujarat.

In the year 2020-21, three schools under Atul Foundation, namely, Kalyani Shala, Atul Vidyalaya and Atul Vidyamandir conducted online classes and Atul Adhyapikas took up *faliya*-based classes to engage the students productively through activity-based learning. The Foundation along with Atul Institute of Vocational Excellence provided training and support to 113 tribal youth, transforming them into micro-entrepreneurs and trained 793 youth, farmers and women, which helped them to find suitable and sustainable livelihood opportunities. The Foundation, in collaboration with BAIF Development Research Foundation, supported 1,120 tribal families to grow nutrition gardens, which met the need of quality food as well as supplementary income for these families. Under the Ankur project, the Foundation trained and supported 4,777 children to grow vegetable gardens in their backyards. The Foundation provided necessary medical equipment to three hospitals to treat the patients infected with COVID-19. It also worked towards creating awareness by educating 25,000 villagers about COVID-19 safety protocols. Masks and grocery kits were distributed to the needy and adequate support was rendered to migrants to reach their villages safely. The Foundation has developed seven model *anganwadis*, constructed a white-topping road, renovated toilets in schools and upgraded public amenities in nearby villages to improve the quality of life of the rural community. The Foundation established a village-based solid waste management system (in Atul village) for the first time.

It is with great delight and satisfaction that I report to you that the 125 cows given a year ago by Atul Foundation to as many poor families increased their income by three times; the cows valued at ₹ 66.37 lakhs generated an almost equivalent income of ₹ 66.04 lakhs for them in one year.

Atul Foundation stands firm in its commitment to support the health and well-being of communities, especially the less fortunate. Many families have lost their breadwinners, many children have lost either one or both the parents and many people have lost jobs; they find their future bleak. The Foundation will work to dispel misconceptions about the vaccines amongst the reluctant urban as well as rural people. It will continue to drive a positive change by working relentlessly towards a better society.

On behalf of Atul Foundation, I thank all the supporters and well-wishers for their continued support and cooperation.

Sincerely,

(Vimla Lalbhai)  
Chairperson

## We remember

---

Your life was a blessing, your memory a treasure,  
you are loved beyond words and missed beyond measure.

**Sharada Johary**

(January 22, 1932 - August 23, 2020)

Mrs Sharada Johary was a loving mother, an excellent chef and a homemaker. She made a generous contribution to the 'Ankur' project which enabled 4,777 underprivileged children and their families to get nutritious food in the midst of the tough times caused by the COVID-19 pandemic. They also learnt the importance of organic farming and healthy eating habits. We are eternally grateful for her teachings and support.

# Make a difference

We can change the world and make it a better place. It is in our hands to make a difference.

~ Nelson Mandela

Ever since its inception, Atul Ltd is conducting its business in an inclusive way. Atul Foundation is working to achieve sustainable development, particularly in rural areas to help uplift the lives of the underprivileged. The Foundation (FY 2020-2021 project spend: ₹ 1,182 lakhs, administration cost: ₹ 59 lakhs) provides a complete account of the funds received for various projects and sends its annual report to every donor.

If you wish to join our endeavour of enhancing the standard of living of the less fortunate and are looking for an organisation that will channelise and direct 100% of your contribution to projects at hand, Atul Foundation may be a good option. Given below are some of the projects the Foundation is currently implementing. If you wish to sponsor any project(s), please write to [contact@atulfoundation.org](mailto:contact@atulfoundation.org)

Contributions or donations to Atul Foundation qualify for tax exemption under Section 80G of the Income Tax Act, 1961.

The donation amount may be remitted, along with the requisite information with respect to how you wish to participate (project, corpus, etc), by drawing a cheque in favour of Atul Foundation Trust and sending through RTGS as per the details given below:
