

**Synonyms**

Acetamiprid 20% SP;  
*N*-Cyano-*N'*-(2-chloro-5-pyridylmethyl)-*N'*-methylacetamidine;  
 (1*E*)-*N*-[(6-Chloropyridin-3-yl)methyl]-*N*-cyano-*N*-methylethanimidamide

**Chemical structure and identity**

Molecular formula	C <sub>10</sub> H <sub>11</sub> ClN <sub>4</sub>
Molecular weight	222.7
CAS number	135410-20-7
PRD number	AG408360

**Specifications**

Appearance	Greenish-blue coloured powder
Acetamiprid content	20% minimum
Wettability	60 seconds minimum
pH (1% solution)	4 to 8
Wet sieve test (75μ sieve)	98% minimum

**Physical properties**

Solubility	Water soluble
Melting point of technical	98°C to 99°C

**Description**

ALBIS is a greenish-blue coloured powder.

**Applications**

A systemic insecticide of the neonicotinoid group that exhibits contact and stomach action. The product effectively controls sucking insects in various crops.

**Packaging**

ALBIS is available in 20 g to 1 kg trilaminate pouches. Other packaging may be considered on request.

**Storage and handling**

Keep containers tightly closed and store in a cool, dry and well-ventilated area. Protect the containers against physical damage. Control dust formation. Avoid contact with eyes, skin or clothing. Keep out of reach of children. Always refer to the Safety Data Sheet (SDS) for detailed information on storage and handling.

**Safety**

Wear protective gloves, a dust mask and goggles. Keep material away from foodstuffs, beverages and feed. Wash hands thoroughly after handling this product. Do not inhale its dust, smoke or mist. Always refer to the SDS for detailed information on safety.

**First aid**

**Eye contact:** Rinse eyes in open position for several minutes with plenty of water. Consult a physician immediately.

**Skin contact:** Wash the affected area thoroughly with soap and water. Remove clothing contaminated by the product. Consult a physician immediately.

**Ingestion:** Avoid ingestion as the product is harmful. Induce vomiting by tickling the back of the throat. Repeat it until the vomitus is clear. Do not induce vomiting if the patient is unconscious. Consult a physician immediately.

**Inhalation:** Avoid inhalation as the product is harmful. Shift the affected person to fresh air. In case of irregular breathing or respiratory arrest, provide artificial respiration. Consult a physician immediately on suspicion of intoxication.

**Spills and disposal**

In case of a spill, collect the spilled material mechanically and keep in a container for subsequent disposal. Avoid formation of dust. Do not allow the spilled material to enter sewers, surface or groundwater. Dispose of the contents | container(s) in accordance with local, regional, national or international regulations | guidelines, as applicable.
