

Amal Ltd

Annual Report 2025-26

The cover reflects the strategy of Amal for sustained growth, building on its core sulphur-based products business while progressing with its planned diversification into allied products. The bold yellow triangle symbolises sulphur – the foundation of our Company. The deep yellow at the base represents established expertise in sulphur and related products. The transition to lighter shades upwards signals expansion into new product areas, demonstrating growth through diversification without losing sight of its core strength. The upward slope conveys progress, illustrating the trajectory of our Company from a robust foundation towards new opportunities and enduring value creation. The deep blue background represents stability, trust and disciplined resilience – the bedrock of sustainable performance. Together, the blue and yellow express the integration of a proven foundation with forward momentum.

52nd Annual General Meeting

 Friday, August 14, 2026

 10:30 am

 The meeting will be held through video conferencing.

We hope that the second edition of the Integrated Annual Report of our Company serves as a comprehensive reflection of its performance and future direction. It is our endeavour to enrich the report at every opportunity by including additional relevant information that helps shareholders gain deeper insights into our Company and make informed decisions.

Basis of reporting

This report is prepared in accordance with:

- Companies Act, 2013 (and the Rules made thereunder)
- Indian Accounting Standards
- SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015
- Secretarial Standards in line with Companies Act
- Integrated Reporting <IR> framework (a benchmark for best practices in corporate reporting)

Reporting scope

This report outlines the sustainability and operational performance of our Company, which operates exclusively in the bulk chemicals segment. Our Company is guided by the Board of Directors and functions through a matrix organisational structure to achieve overall functional excellence.

Reporting boundary

The financial information presented in this report relates to the standalone and consolidated operations of our Company, as specified in the relevant sections. The non-financial information primarily focuses on consolidated operations, unless otherwise stated.

Reporting period

The reporting period for this report is from April 01, 2025 to March 31, 2026.

Materiality determination

This report presents balanced information on the matters that materially affect the ability of our Company to create value over time, both positively and negatively. We have adopted a holistic approach to materiality by engaging with stakeholders to identify and evaluate the matters and information that are most relevant to our Company and its stakeholders.

Forward-looking statements

In this report, we have shared information and made forward-looking statements to enable investors to know the product portfolio, business logic of our Company and thereby comprehend its prospects. These include all statements other than statements of historical facts, including those regarding the financial position, business strategy, management plans and objectives for future operations. Such statements that we make are based on our assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'believe', 'estimate', 'intend', 'plan', 'project' or words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised although we believe we have been prudent in our assumptions. The actual results may be affected because of uncertainties, risks and even inaccurate assumptions. If uncertainties or known or unknown risks materialise or if underlying assumptions prove inaccurate, actual results may vary materially from those anticipated, believed, estimated, intended, planned or projected. We undertake no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.

About Amal

Our Company is engaged in the manufacturing and marketing of bulk chemicals, including Sulphuric acid and Oleum, and their downstream products, such as Sulphur dioxide and Sulphur trioxide. These products serve as key raw materials for a wide range of industrial applications across sectors. The manufacturing facility of our Company is located at Ankleshwar, Gujarat, India.

Our Company was promoted by the Piramal Group in 1974–75. In 1985–86, the controlling interest in our Company was acquired by Atul Ltd. Over the years, our Company has focused on improving operational performance and strengthening its business fundamentals, while maintaining its commitment to responsible manufacturing practices and long-term stakeholder value creation.

Our Company incorporated Amal Speciality Chemicals (ASC) as a wholly-owned subsidiary on October 12, 2020. In 2022–23, ASC commissioned a new manufacturing plant with an equivalent capacity of 300 TPD of sulphuric products, strengthening the presence of our Company in its existing product portfolio.

Purpose

We are committed to significantly enhancing value for our stakeholders by:

fostering a spirit of continuous learning and innovation

adopting developments in science and technology

providing high quality products and services, thus becoming the most preferred partner

having people who practice Values and exemplify a high standard of behaviour

seeking sustained, dynamic growth and securing long-term success

taking responsible care of the surrounding environment

improving the quality of life of the communities we operate in

Ankleshwar site

Values

In an environment where change is a way of life, continuity of Values provides stability and is fundamental to us. We have therefore formalised key Values and are committed to institutionalising them. We will seek to create an environment wherein these Values are consistently practised, nurtured and ensured not to be compromised.

INTEGRITY

Working with honesty, following the highest standards of professionalism. Integrity is when our decisions and actions remain consistent with our thoughts and words, written or spoken.

UNDERSTANDING

How well we work with others depends on our ways to connect and this in turn is based on our level of Understanding of human relationships. This certainly does not mean that we accept poor performance, but that we do it the right way. Understanding is the external manifestation of internal realisation.

UNITY

Working together and taking advantage of synergy while harnessing the unique abilities of each of us to achieve a larger goal. Unity is the realisation that though we may work in different areas, we are finally interconnected and that interdependence is a higher order of living than independence. Though we may be many, we share a common purpose.

RESPONSIBILITY

Delivering value and taking ownership of actions. Responsibility must also give us the realisation that what is good for the business must be in the overall good. In essence, we must work with a spirit of trusteeship for the shareholders and other stakeholders. What comes to us must be returned many times over.

EXCELLENCE

A drive that is more from inside than outside; it is about us seeking to continuously improve and develop an eye for innovation even in day to day work. Excellence is about excelling in everything we do and not giving up. Excellence is also a journey, not simply a destination in itself.

Materiality assessment

Materiality assessment is the foundation of the environmental, social and governance (ESG) initiatives for our Company. It allows us to gather critical insights on the importance of specific ESG topics. In 2024-25, for the first time, we conducted a materiality assessment through a structured process to capture the perspectives of all stakeholders to adopt a holistic approach towards the ESG topics material to our Company.

Materiality matrix

Pillars of value creation

Our Company optimises the deployment of the six capitals across its operations to maximise value for its stakeholders.

Financial capital

This refers to the monetary pool that is available to an organisation for production of its goods or provision of its services. It is usually obtained from equity, debt and (or) generated through operations.

Our Company is committed to the efficient utilisation of its monetary resources generated from operations to deliver long-term sustainable growth, thereby enhancing value for and creating shared value among all its stakeholders.

Manufactured capital

This refers to the manufacturing assets (such as buildings, machineries and plants) that the organisation depends upon for carrying out its operations. It also comprises products manufactured by an organisation whether for sale or for its own use.

Our Company is committed to safely improving efficiencies and increasing capacities (through debottlenecking and expansion), incorporating digitalisation initiatives and delivering quality products to its customers.

Human capital

This refers to the strength of team members within an organisation. It encompasses their knowledge, skills and attributes. It also comprises their alignment with and support for the governance framework.

Our Company is committed to continually enriching and empowering its team members (through upskilling), thus fulfilling their aspirations while creating a purpose-led and future-ready organisation.

Natural capital

This refers to all renewable and non-renewable resources that are used by an organisation for manufacturing | producing goods or providing services. It comprises amongst others air, forests, land, minerals and water.

Our Company is committed to managing its ecological footprint through sustainable sourcing and initiatives to mitigate risks related to climate change, pollutants and water scarcity, thus creating a positive impact on the planet.

Intellectual capital

This refers to the knowledge base of an organisation. It comprises, amongst others, intellectual properties like copyrights, patents, procedures, protocols, rights and licenses, software and systems.

Our Company is committed to enhancing consumer experience through improvements and innovations in i) processes across its functions in general and ii) research and development in particular, with a focus on introducing sustainable manufacturing processes and new products.

Social and relationship capital

This refers to relationships that an organisation has established with different stakeholder groups, formal and informal entities and institutions associated with it to improve both individual and collective well-being.

Our Company is committed to nurturing relationships with each of its stakeholder groups, creating a positive impact on them and together implementing well-being programs for the society at large to promote inclusive growth.

Letter to the shareholders

Dear Shareholders,

Consolidated and standalone sales of our Company at ₹ 240 cr and ₹ 85 cr increased by 77% and 74% respectively. This was driven by an unprecedented spike of 164% in the price of Sulphur, its main raw material – i) constrained production, ii) geopolitical disruptions and iii) significant rise in nickel refining and fertiliser production are cited as the main reasons. Consolidated and standalone sales increased only by 3% and 7% respectively because of volume. Consolidated and standalone PBT at ₹ 28 cr and ₹ 6 cr however decreased by 14% and 32% respectively; the decline in PBT was mainly because it was not possible to fully absorb the increase in input costs. Consequently, EBITDA and RoCE were lower at 16% and 26% (against 32% and 36%) respectively. Our Company remains debt free, and the cash surplus increased by ₹ 16 cr to ₹ 38 cr. The Board has recommended a higher dividend of 15% against 10% for consideration of the shareholders. (All percentages mentioned above represent the comparison of 2025-26 with 2024-25).

There are two main business mandates for our Company: one, to further improve the existing operations and two, to articulate projects to grow beyond the current level of operations. CapEx related to upgradation of Sulphur yard was completed in 2025-26. At this time, there are three CapEx(s) under implementation: one, to increase sales of steam, a co-product; two, automation in the old plant to further improve monitoring of process parameters and increase people productivity and three, to upgrade canteen facilities. While our Company, like any other, will face the tests of time, team Amal remains committed to strengthening its foundations and seek sustainable (ESG* + E**) growth and thus create enduring value for its stakeholders. Our Company is evaluating two growth projects and will decide the next steps while keeping in focus the external business environment. The third mandate is related to people development so as to build internal pipeline of leadership. (*Environmental, Social and Governance | **Economic)

Our Company contributed ₹ 16 lakh towards its CSR obligation comprising ₹ 12 lakh by our Company and ₹ 4 lakh by its only wholly-owned subsidiary, Amal Speciality Chemicals (ASC). In 2024-25, only our Company contributed ₹ 7 lakh (as ASC did not have adequate profit as determined by Section 198 of the Companies Act, 2013). The aforesaid amount was

spent via Atul Foundation Trust in 12 villages near Ankleshwar (in Bharuch district) where our Company has its manufacturing facilities mainly in the areas of conservation and infrastructure (which are also in step with national priorities). The projects comprised development of a Miyawaki forest by planting 4,600 trees and enhancement of infrastructure in seven educational institutions benefitting 3,050 students. Atul Foundation Trust regularly conducts impact assessment of its key projects by a third party. Please go through the website# of Atul Foundation Trust for further information.

The journey of wiping out carry forward loss of ₹ 56 cr to generating free reserves of ₹ 37 cr, from a peak borrowing of ₹ 68 cr to cash surplus of ₹ 38 cr, from a loss-making erstwhile BIFR entity to a profit-making entity has been a long one, and (while remaining conscious of the fragility recoveries sometimes carry) on behalf of our Company, we take this opportunity to appreciate the work done by every team member in making this happen. Of course, our Company has miles to go to become much better and bigger, and in many ways, it is 'day one'. On behalf of our Company, we are i) grateful to the customers for their patronage and giving us an opportunity to serve and ii) thankful to the Independent Directors for their proactive participation, critical analysis and constructive approach in and outside the Board meetings and those of its Committees. Finally, we value the support and trust of the shareholders – it is on the basis of this that team Amal is able to achieve progress and move forward to realise our Company purpose (timeless) and vision (timebound).

With best wishes,
Sincerely,

(Rajeev Kumar)

For the financial year ended on March 31, 2026

{Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014}

To the members of Amal Ltd

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Amal Ltd (hereinafter called the Company). The Secretarial Audit was conducted in a manner that provided us with a reasonable basis for evaluating the corporate conducts | statutory compliances and expressing my opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of the Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2026, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanisms in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company as per Annexure I for the financial year ended on March 31, 2026, according to the provisions of:

- a) The Companies Act, 2013 (Act) and the rules made thereunder;
- b) The Securities Contracts (Regulation) Act, 1956 and the rules made thereunder;
- c) The Depositories Act, 1996 and the regulations and bye-laws framed thereunder;
- d) The Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of foreign direct investment, overseas direct investment and external commercial borrowings;
- e) The following regulations and guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act):
 - i) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011
 - ii) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015
 - iii) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018
 - iv) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021
 - v) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021
 - vi) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with clients
 - vii) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021
 - viii) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018
 - ix) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018

Other sector-specific laws as applicable to the Company, including product laws, pollution laws, manufacturing laws and safety laws as per confirmations of compliances placed before the Board of Directors, for our verification carried out on a test-check basis and considered as assurance for the existence of a proper compliance management system.

However, it has been found that there were no instances requiring compliance with the provisions of the laws indicated at points iii), v), vii) and viii) of para e) mentioned hereinabove during the period under review.

We have also examined compliance with the applicable clauses of the following:

- a) Secretarial standards issued by the Institute of Company Secretaries of India.
- b) The Listing Agreements entered into by the Company with BSE Ltd and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended).

During the period under review, the Company has complied with the provisions of the Act, rules, regulations, guidelines, standards, mentioned hereinabove and there is an adequate compliance management system for the purpose of other sector-specific laws. We have relied on the representations made by the Company and its officers for systems and mechanisms formed by the Company for compliance with sector-specific laws and regulations applicable to the Company.

We further report that the Board of Directors of the Company is duly constituted with the proper balance of the Executive Directors and the Non-executive Directors (Independent and Non-independent). The changes in the composition of the Board that took place during the period under review were carried out in compliance with the provisions of the Act. During the year under review Dr Mahabaleshwar Palekar (DIN: 02455892) was appointed as an Additional Independent Director of the Company effective August 01, 2025 and was regularised as an Independent Director for a term of five years from August 01, 2025 to July 31, 2030 by passing Special resolution in Annual General Meeting held on August 29, 2025;

Adequate notice was given to all the Directors to schedule the Board meetings. The agenda and detailed notes on the agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decisions are carried through, while the views of the dissenting members are captured and recorded as part of the minutes, wherever required.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with the applicable laws, rules, regulations and guidelines.

We further report that during the audit period, there were no specific events | or actions having a major bearing on the affairs of the Company in pursuance of the above-referred laws, rules, regulations, guidelines, standards, etc.

5. Secretarial Audit Report – Amal Speciality Chemicals Ltd

Form number MR – 3

Secretarial Audit Report

For the financial year ended March 31, 2026

{Pursuant to Section 204(1) of the Companies Act, 2013 and Rule number 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014}

To,

The members of Amal Speciality Chemicals Ltd

I have conducted the Secretarial Audit of the compliance with applicable statutory provisions and the adherence to good corporate practices by Amal Speciality Chemicals Ltd (hereinafter called the Company). The Secretarial Audit was conducted in a manner that provided me with a reasonable basis for evaluating the corporate conducts | statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of the secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2026, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanisms in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2026, according to the provisions of:

- a) The Companies Act, 2013 (the Act) and the rules made thereunder;
- b) The Securities Contracts (Regulation) Act, 1956(SCRA) and the rules made there under;
- c) The Depositories Act, 1996 and the regulations and bye-laws framed there under;
- d) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- e) The following regulations and guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act):
 - i) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - ii) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - iii) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - iv) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - v) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - vi) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, regarding the Companies Act and dealing with clients;
 - vii) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
 - viii) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018; and
 - ix) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018

However, it has been found that there were no instances requiring compliance with the provisions of the laws indicated at point no. b, c and e mentioned hereinabove during the period under review.

Other sector-specific laws applicable to the Company, including product, environmental pollution, manufacturing and safety laws, based on the confirmations of compliance placed before the Board of Directors. Our verification was carried out on a test-check basis and was considered sufficient to provide assurance regarding the existence of an appropriate compliance management system.

However, it was observed that there were no instances requiring compliance with the provisions of the laws referred to in points iii), v), vii) and viii) of paragraph e) above during the period under review.

I have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by The Institute of Company Secretaries of India.
- ii. The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015;

However, it was noted that the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 is not applicable to the Company as securities of the Company are not listed on any recognized stock exchange.

During the period under review, the Company has complied with the provisions of the Act, rules, regulations, guidelines and standards mentioned hereinabove and there is an adequate compliance management system for the purpose of laws applicable to the Company as mentioned hereinabove. I have relied on the representations made by the Company and its representatives for systems and mechanisms formed by the Company for the compliance of laws and regulations applicable to the Company.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-executive Directors and Independent Directors, wherever applicable. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board meetings. The agenda and detailed notes on agenda were sent at least seven days in advance in all cases except cases where shorter notice was given, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decisions are carried forward, while the views of the dissenting members are captured and recorded as part of the minutes, wherever required.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines mentioned hereinabove.

I further report that during the audit period of the Company there were no specific events | actions having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc

Management Discussion and Analysis

The Company manufactures bulk chemicals such as Sulphuric acid, Oleum and their downstream products such as Sulphur dioxide and Sulphur trioxide at its manufacturing site in Ankleshwar. These chemicals are used in several industries, such as Dyestuffs, Fertilisers, Personal Care, Petrochemicals, Pharmaceuticals and Textiles. The products are generally sold within a 200 km radius of the manufacturing site.

During the year, revenue from operations increased from ₹ 4,888 lakh to ₹ 8,491 lakh. The world market for Sulphuric acid is estimated at about 310 million tonnes per annum and the Indian market at about 18.5 million tonnes per annum. Both markets are growing at about 3% per annum.

The manufacturing plant of our Company in Ankleshwar has an installed capacity of 140 tonnes per day of Sulphuric acid (including downstream products). Optimising the product mix remains a key growth factor. Success in this business depends on ensuring high capacity utilisation, excellent conversion efficiency and full deployment of the steam. The facility at Amal Speciality Chemicals has stabilised operations and has a manufacturing capacity of 300 tonnes per day of Sulphuric acid (including downstream products).

The products manufactured by the Company are commodities in nature whose prices and contribution margins fluctuate significantly.

INTERNAL CONTROL SYSTEMS

The internal control systems of the Company are commensurate with the nature of its business and the size and complexity of its operations. These are routinely tested, certified and upgraded wherever required by the Statutory as well as the Internal Auditors covering all key areas of business. Observations, follow-up actions, and related recommendations thereon are reported to the Senior Management and Audit Committee for their review.

The Company works with reputed firms specialising in internal audit functions. These combined efforts help our Company adopt best practices for managing its business.

HUMAN RESOURCES

We believe that people are the foundation on which our business is built and this remains a key focus area. It continues its efforts to institutionalise and upgrade HR processes. In particular, it focused on improving its processes related to recruitment, training and development, performance management and succession planning in order to manage a dynamic and growing business.

The total number of team members in our Company is 81 as of March 31, 2026. This includes team members employed by us and those working in its subsidiary company, Amal Speciality Chemicals.

Corporate Governance Report

True mastery comes from controlling oneself,
which acts as the ultimate internal control mechanism.

**Notes:**

01. The 52nd Annual General Meeting (AGM) is being held through video conferencing | other audiovisual means (VC) in accordance with the procedure prescribed in circular number 20/2020 dated May 05, 2020, read with circular number 3/2025 dated September 22, 2025, issued by the Ministry of Corporate Affairs and circular number SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020, read with relevant provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the e-AGM provisions). The members can attend the AGM through VC by following instructions given in Note number 17 of the Notice. For the purpose of recording the proceedings, the AGM will be deemed to be held at the registered office of the Company at 310 B, Veer Savarkar Marg, Mumbai 400 028, Maharashtra, India. The members are requested to attend the AGM from their respective locations by VC and do not visit the registered office to attend the AGM.
02. Since the Annual General Meeting (AGM) is being held pursuant to the e-AGM provisions through video conferencing | other audiovisual means, physical attendance of the members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be available for the AGM and hence, the proxy form, attendance slip and route map of the AGM venue are not annexed to this Notice. However, a member may appoint a representative as per applicable provisions of the Companies Act, 2013 (Act) to attend and | or vote.
03. Copies of the Balance Sheet, the Statement of Profit and Loss, the Directors' Report, the Auditor's Report and every other document required by law to be annexed or attached to the Balance Sheet for the financial year ended March 31, 2026, are annexed | attached.
04. The Register of Members and Share Transfer Books of the Company will remain closed from August 01, 2026 to August 07, 2026 (both days inclusive).
05. The dividend, if approved, will be paid to those members whose names stand on the Register of Members on July 31, 2026.

The members holding shares in the electronic form may please note that:

- a) Instructions regarding bank details that they wish to incorporate in future dividend warrants must be submitted to their Depository Participants (DPs). As per the regulation of National Securities Depository Ltd and Central Depository Services (India) Ltd, the Company is obliged to print bank details as furnished by these depositories, on the dividend warrants.
 - b) Instructions already given by the members for shares held in the physical form will not automatically apply to the dividend paid on shares held in electronic form. Fresh instructions regarding bank details must be given to the DPs.
 - c) Instructions regarding the change in address, nomination and power of attorney must be given directly to the DPs.
06. The members may note that the Income Tax Act, 2025, as amended mandates that dividends paid or distributed by a company will be taxable in the hands of the members. The Company will therefore be required to deduct tax at source (TDS) at the time of paying the final dividend. To enable the Company to determine the appropriate TDS rate, the members are requested to submit the documents in accordance with the provisions of the Income Tax Act, 2025.
- a) For resident members, TDS will be deducted under Section 393(1) of the Income Tax Act, 2025, at 10% on the amount of dividend declared and paid by the Company during the financial year 2026-27, provided PAN is registered by the members. If PAN is not registered, TDS will be deducted at higher rate as per Section 397(2) of the Income Tax Act, 2025.

However, no tax will be deducted on the dividend payable to resident individuals if the total dividend to be received by them during the financial year 2026-27 does not exceed ₹ 10,000.

Separately, in cases where the member provides Form 121 (applicable to Individual, Hindu Undivided Family), and the eligibility conditions are met, no TDS will be deducted.
 - b) For non-resident members, taxes are required to be withheld in accordance with the provisions of Section 393(2) of the Income Tax Act, 2025, at the applicable rates in force. As per the relevant provisions of the Income Tax Act, 2025, the withholding tax will be at 20% rate (plus applicable surcharge and cess) on the amount of dividend payable to them. However, as per Section 159 of the Income Tax Act, 2025, the

non-resident members have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) between India and the country of tax residence of the members, if they are more beneficial to them. For this purpose, that is, to avail of the tax treaty benefits, the non-resident members will have to provide the following:

- i) Self-attested copy of Tax Residency Certificate (TRC) obtained from the tax authorities of the country(ies) of which the members are residents.
- ii) Self-declaration in Form 41 submitted at income tax portal if all the details required in this form are not mentioned in the TRC.
- iii) Self-attested copy of the PAN card allotted by the Indian income tax authorities.
- iv) Self-declaration, certifying the following points:
 - The members are and will continue to remain tax residents of their respective countries during the financial year 2026-27.

Explanatory statement

The following explanatory statement, as required by Section 102 of the Act and Regulation 36(5) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015, sets out material facts, including the nature and concern or interest of the Directors in relation to item numbers 4, 5, 6 and 7 mentioned in the accompanying Notice:

Item number 4

Regulation 23(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations), requires approval of the members in case of transaction with a related party exceeds 10% of the annual consolidated turnover of the listed entity as per the last audited financial statements, (materiality transactions).

In compliance with Regulation 23(4) of the Listing Regulations, approval of the members was obtained at the earlier Annual General Meetings for the proposed transactions of 2026-27, however due to the present market situation, the transactions value need modification and also the transactions for 2027-28 need approval.

Considering the industry in which the Company and its material wholly-owned subsidiary, Amal Speciality Chemicals Ltd (ASC), operate, both work closely with related parties to achieve business objectives and enter into various operational transactions with related parties, from time to time, in the ordinary course of business and on an arm's length basis.

The annual consolidated turnover of the Company for the financial year ended on March 31, 2026, is ₹ 23,964 lakh. The revised estimated value of the transaction entered into | to be entered into during financial years 2026-27 with Atul Ltd (Atul), a related party, may exceed the threshold and hence the transactions by the Company and ASC with Atul will be material related party transactions. The Company is approaching the members for approval of the revised material related party transaction for financial years 2026-27 as set out in the resolution.

The Company is also seeking approval of the proposed transactions for 2027-28.

The transactions with Atul will help the Company and ASC to achieve synergies and economies of scale and will be in the best interest of the members. Further, the transactions will help bring efficiency in operational and logistics costs, strengthen sustainability and leverage the knowledge pool across functions. In the interest of the Company, similar transactions were already approved by the members for the financial year 2023-24, 2024-25 and 2025-26.

The management has provided the Audit Committee with the relevant details of the revised and proposed transactions including material terms and basis of pricing. The Audit Committee;

- a) reviewed the certificate provided by Managing Director and Chief Financial Officer of the Company, as required under the Industry Standards on related party transactions.
- b) reviewed all the necessary information.
- c) noted that the said transactions with Atul will be in the ordinary course of business of the Company and at an arm's length basis.
- d) granted approval for entering into the transactions with Atul.

Details of the transactions for 2026-27 (revised) and 2027-28 with Atul, including the minimum information required to be disclosed in the explanatory statement pursuant to the Securities and Exchange Board of India (SEBI) Master Circular dated January 30, 2026, read with SEBI circular dated June 26, 2025, are as follows:

Mr Mehta, being eligible in terms of Section 149 and other applicable provisions of the Act and applicable provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, offering himself for reappointment, it is proposed to reappoint him as an Independent Director for the second term of five consecutive years from April 22, 2027 to April 21, 2032. A notice has been received from a member proposing Mr Mehta as a candidate for the office of Director of the Company.

In the opinion of the Board, Mr Mehta;

- possesses rich experience and expertise relevant to the Company
- fulfills the conditions specified in the Act and the Rules made thereunder
- is independent of the Management

Further, his proposed appointment is on the basis of the report of his performance evaluation.

Given the above, corroborated by the valuable contribution made by Mr Mehta, the Board is of the view that his continued association will be beneficial to the Company.

A copy of the draft letter for appointment of Mr Mehta as an Independent Director setting out the terms and conditions will be available for inspection without any fee by the members at the registered office of the Company during normal business hours on any working day.

Mr Mehta does not hold himself or together with his relative two percent or more of the total voting power of the Company. Accordingly, the Board recommends the resolution in item number 6 in relation to appointment of Mr Mehta as an Independent Director for second term of five consecutive years for the approval by the members as a special resolution.

Memorandum of interest

Except Mr Jyotin Mehta, being an appointee, none of the Directors and the Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item number 6.

Item number 7

Pursuant to the Articles of Association read with Section 197 of the Act, the Non-executive Independent Directors are entitled to receive commission up to 1% of the net profit of the Company in any financial year, with the approval of the Company by way of ordinary resolution. In this regard, the members at the Annual General Meeting held on September 08, 2022 have approved the payment of commission up to 1% of the net profit of the Company in any financial year.

In view of the expansion of the operations of the Company in recent years and the increased time, effort, and attention required from the Non executive Independent Directors in the discharge of their duties, the Board is of the opinion that payment of commission up to 3% of the net profits of the Company in any financial year to the Non-executive Independent Directors, effective April 01, 2026, is reasonable and commensurate with their roles and responsibilities. Accordingly, it is proposed to obtain the approval of the members for enhancement of the commission from the earlier approved limit, by way of a special resolution, in compliance with the provisions of Section 197 read with Schedule V of the Act.

The Board recommends the resolution set out at Item number 7 of the Notice, relating to the payment of commission up to 3% of the net profits to the Non executive Independent Directors with effect from April 1, 2026, for approval by the members as a special resolution.

Memorandum of interest

Except Non-executive Independent Directors of the Company, none of the other Directors or Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in Item number 7.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of Amal Limited (the Company), which comprise the Balance Sheet as at March 31, 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the Standalone Financial Statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, (Ind AS) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit and other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our

audit of the Standalone Financial Statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report and its annexure, Management Discussion and Analysis, Corporate Governance Report, but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon.
- Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and

application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements - Refer Note 28.1 to the Standalone Financial Statements;
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 28.16 to the Standalone Financial Statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (Intermediaries), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in

any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 28.16 to the Standalone Financial Statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.
As stated in note 28.17 to the Standalone Financial Statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi. Based on our examination, which included test checks, the Company has

used accounting software systems for maintaining its books of account for the financial year ended March 31, 2026 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

2. As required by the Companies (Auditor's Report) Order, 2020 (the Order) issued by the Central Government in terms of Section 143(11) of the Act, we give in Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order.

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the Act)

We have audited the internal financial controls with reference to standalone Ind AS financial statements of Amal Limited (the Company) as at March 31, 2026 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to Standalone Financial Statements based on the internal control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to

Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable

assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Referred to in paragraph 2 under 'Report on other legal and regulatory requirements' section of our report of even date.

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and capital work-in-progress.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a program of verification of property, plant and equipment and capital work-in-progress so to cover all the items once every three years which, in our opinion,

is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, all Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

- (c) With respect to immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the Standalone Financial Statements included in Property, Plant and Equipment according to the information and explanations given to us and based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the Balance Sheet date, except for the following:

(₹ in lakh)

Description of Property	Carrying Value (₹ in lakh)	Held in the name of	Whether Promoter, Director or their relative of employee	Period Held	Reason for not being held in the name of the Company
Buildings (Flat at Ankleshwar)	1.05	Amal Rasayan Limited	No	March 31, 1999	The title deeds are in the name of Amal Rasayan Limited, former name of the Company.

- (d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories except for goods-in-transit, were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard

to the size of the Company and the nature of its operations. For goods-in-transit, the goods have been received subsequent to the year end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories, when compared with the books of account.

- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, at points of time during the year, from bank on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly statements comprising stock

statements, book debt statements and unpaid creditor statements filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters. The Company has not been sanctioned any working capital facility from financial institutions at any point of time of the year.

- (iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause 3(iii) of the Order is not applicable.
- (iv) The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under section 148(1) of the Companies

Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

- (a) Undisputed statutory dues, including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities.

We have been informed that the provisions of the Service Tax, Sales Tax, duty of Excise and Value added tax are not applicable to the Company.

There were no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax and other material statutory dues in arrears as at March 31, 2026 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub clause (a) above which have not been deposited as on March 31, 2026 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount (₹ lakh)

CGST Act, 2017	GST tax (including interest and penalty)	Appellate Authority	2021-22	28.58*

*Net of ₹ 1.62 lakh paid under protest.

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) The Company has not taken any loans or other borrowings from any lender. Hence, reporting under clause 3(ix)(a) of the Order is not applicable to the Company.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilized term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, no funds raised during the year hence reporting on Clause 3(ix)(d) of the Order is not applicable.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary.
- (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Financial Statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto March 2025 to November 2025 and the internal audit report where issued after the balance sheet date covering the period December 2025 to February 2026 for the period under audit.
- (xv) In our opinion, during the year, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the company.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), 3(xvi)(b) and 3(xvi)(c) of the Order is not applicable.
- (b) The Group does not have any CIC as part of the group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

Notes to the Standalone Financial Statements

Background

Amal Ltd (the Company) is a public company limited by shares, incorporated and domiciled in India having corporate identification number L24100MH1974PLC017594. The Company is a subsidiary of Atul Ltd. Its shares are listed on the Bombay Stock Exchange ('BSE') in India. Its registered office is located at Atul House, 310 B, Veer Savarkar Marg, Dadar (West), Mumbai 400 028, Maharashtra, India and its principal place of manufacturing is located at Ankleshwar 393 002, Gujarat, India.

The Company is engaged in manufacturing of bulk chemicals such as Sulphuric acid and Oleum and their downstream products such as Sulphur dioxide and Sulphur trioxide.

It is registered as a small manufacturing company effective July 03, 2020 as per Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act).

Note 1 Material accounting policies

This Note provides a list of the material accounting policies adopted by the Company in preparation of these Standalone Financial Statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Statement of compliance

The Standalone Financial Statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act, as amended.

b) Basis of preparation

i) Historical cost convention

The Standalone Financial Statements have been prepared on a historical cost basis except for the following:

- a) Certain financial assets and liabilities (including derivative instruments): measured at fair value
- b) Defined benefit plans: plan assets measured at fair value

ii) The Standalone Financial Statements have been prepared on accrual and going concern basis.

iii) The accounting policies are applied consistently to all the periods presented in the Standalone Financial Statements. All assets and liabilities have been classified as current or non-current as per the normal operating cycle of the Company and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

iv) Recent accounting pronouncements

New and amended Ind ASs effective from April 01, 2025

The Ministry of Corporate Affairs (MCA) notifies new standards | amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year, the MCA has amended the Ind AS as below:

Ind AS 1- Presentation of Financial Statements:

The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants.

Ind AS 7- Statement of Cash Flows:

The amendments requires to inform users of the Standalone Financial Statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates.

Ind AS 12 - Income taxes:

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 01, 2023. The Company has evaluated the amendment and there is no material impact on its Standalone Financial Statement.

Ind AS 107- Financial Instruments Disclosures:

The amendments to add supplier finance arrangements as a factor that may cause concentration of liquidity risk.

Ind AS 12- Income Taxes:

The amendments to the Pillar Two Model Rules introduce a temporary mandatory exemption from deferred tax accounting for top-up taxes and require companies to disclose their use of this exemption. This relief takes effect immediately and applies retrospectively. In addition, the amendments mandate new disclosures to compensate for any potential loss of information resulting from the exemption.

Ind AS 21 - The Effects of Changes in Foreign Exchange Rates:

The amendments provide guidance on determining exchangeability between currencies and estimating spot rates when a currency is not exchangeable.

The Company has evaluated the amendments and there is no material impact on its Standalone Financial Statement.

c) Revenue recognition

i) Revenue from operations

Revenue is recognised when control of goods is transferred to a customer in accordance with the terms of the contract. The control of the goods is transferred upon delivery to the customers either at factory gate of the Company or a specific location of the customer or when the goods are handed over to the freight carrier, as per the terms of the contract. A receivable is recognised by the Company when the goods are delivered to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

Revenue is measured based on the consideration to which the Company expects to be entitled as per contract with a customer. The consideration is determined based on the transaction price specified in the contract, net of the estimated variable consideration. Accumulated experience is used to estimate and provide for the variable consideration, using the expected value method and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. Contracts with customers are for short-term, at an agreed price basis having contracted credit period ranging up to 45 days. The contracts do not grant any rights of return to the customer. Returns of goods are accepted by the Company only on an exception basis. Revenue excludes any taxes or duties collected on behalf of government that are levied on sales such as goods and service tax.

ii) Other income

Interest income from financial assets is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

Dividends are recognised in the Standalone Statement of Profit and Loss only when the right to receive payment is established; it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

Lease rental income is recognised on accrual basis.

d) Income tax

Income tax expense comprises current tax and deferred tax. Current tax is the tax payable on the taxable income of the current period based on the applicable income tax rates. Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. The Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate, on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit | (loss) nor taxable profit | (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the Standalone Balance Sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

The Company considers reversals of deferred income tax liabilities, projected future taxable income and tax planning strategies in making the assessment of deferred tax liabilities and realisability of deferred tax assets. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, the Management believes that the Company will realise the benefits of those deductible differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity respectively.

The Company considered whether it has any uncertain tax positions based on past experience pertaining to income taxes, including those related to transfer pricing as per Appendix C to Ind AS 12. The Company has determined its tax position based on tax compliance and present judicial pronouncements and accordingly expects that its tax treatments will be accepted by the taxation authorities.

The Company determines whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and uses the approach that better predicts the resolution of the uncertainty. The Company applies significant judgement in identifying uncertainties over income tax treatments.

e) Leases

As a lessee

The Company assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: i) the contract involves the use of an identified asset, ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and iii) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Company recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has the right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently, the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

As a lessor

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease substantially transfer all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with the expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Standalone Balance Sheet based on their nature. Leases of property, plant and equipment where the Company as a lessor has substantially transferred all the risks and rewards are classified as finance lease. Finance leases are capitalised at the inception of the lease at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rent receivables, net of interest income, are included in other financial assets. Each lease receipt is allocated between the asset and interest income. The interest income is recognised in the Standalone Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the asset for each period.

Under combined lease agreements, land and building are assessed individually.

f) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment (PPE) are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the item. Acquisition cost may also include transfers from equity of any gains or losses on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment.

Subsequent costs are included in the carrying amount of asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the Standalone Statement of Profit and Loss during the period in which they are incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of an item of PPE is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the Standalone Statement of Profit and Loss.

Spare parts, stand-by equipment and servicing equipment are recognised as property, plant and equipment if they are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and are expected to be used during more than one period.

Depreciation methods, estimated useful lives and residual value

The charge in respect of periodic depreciation is derived after determining an estimate of expected useful life and the expected residual value of the assets at the end of its useful life. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life.

Depreciation is computed on a pro-rata basis on the straight-line method from the month of acquisition | installation till the month the assets are sold or disposed off.

Estimated useful lives of the assets are as follows:

Asset category	Estimated useful life
Buildings	5 to 60 years
Plant and equipment	3 to 20 years
Vehicles	6 to 10 years
Roads	5 years
Office equipment and furniture	3 to 10 years

The useful lives have been determined based on technical evaluation done by the Management | experts, which are different from the useful life prescribed in Part C of Schedule II to the Companies Act, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset. The residual values, useful lives and method of depreciation of property, plant and equipment are reviewed annually and adjusted prospectively, if appropriate.

The carrying amount of an asset is written down immediately to its recoverable amount if the carrying amount of the asset is greater than its estimated recoverable amount.

Land accounted under finance lease is amortised on a straight-line basis over the primary period of lease.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as own assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

g) Capital work-in-progress

The cost of property, plant and equipment under construction at the reporting date is disclosed as 'Capital work-in-progress.' The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Advances paid for the acquisition | construction of property, plant and equipment which are outstanding at the Balance Sheet date are classified under the 'Capital Advances'.

h) Intangible assets

Computer software includes enterprise resource planning application and other costs relating to such software that provide significant future economic benefits. These costs comprise license fees and cost of system integration services.

Development expenditure qualifying as an intangible asset, if any, is capitalised, to be amortised over the economic life of the product | patent.

Computer software cost is amortised over a period of three years using the straight-line method.

i) Impairment

The carrying amount of assets are reviewed at each Standalone Balance Sheet date to assess if there is any indication of impairment based on internal | external factors. An impairment loss on such assessment is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that will be determined if no impairment loss had previously been recognised.

j) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with bank and other short-term (three months or less from the date of investment), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

k) Statement of cash flows

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash generated from | (used) in operating, investing and financing activities of the Company are segregated.

l) Trade receivables

Trade receivables are recognised at the amount of transaction price (net of variable consideration) when the right to consideration becomes unconditional. These assets are held at amortised cost, using the effective interest rate method where applicable, less provision for impairment based on expected credit loss. Trade receivables overdue more than 180 days are considered in which there is significant increase in credit risk.

m) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest rate method.

n) Inventories

Inventories are stated at cost or net realisable value, whichever is lower. Cost is determined on periodic moving weighted average basis.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to effect the sale.

Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventory to the present location and condition.

Due allowances are made for slow | non-moving, defective and obsolete inventories based on estimates made by the Company.

Items such as spare parts, stand-by equipment and servicing equipment that are not plant and machinery get classified as inventory.

o) Investments and other financial assets

Classification and measurement

The Company classifies its financial assets in the following measurement categories:

- i) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss)
- ii) those measured at amortised cost
- iii) those measured at carrying cost for equity instruments of subsidiary company

The classification depends on business model of the Company for managing financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Debt instruments:

Initial recognition and measurement

Financial asset is recognised when the Company becomes a party to the contractual provisions of the instrument. Financial asset is recognised initially at fair value plus, in case the financial asset is not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial asset carried at fair value through profit or loss are expensed in the Standalone Statement of Profit and Loss.

Subsequent measurement

Subsequent measurement of debt instruments depends on the business model of the Company for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Measured at amortised cost

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate method less impairment, if any, the amortisation of effective interest rate and loss arising from impairment, if any is recognised in the Standalone Statement of Profit and Loss.

Measured at fair value through other comprehensive income (FVTOCI)

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the other

comprehensive income. Interest income measured using the effective interest rate method and impairment losses, if any are recognised in the Standalone Statement of Profit and Loss. On derecognition, cumulative gain | (loss) previously recognised in other comprehensive income is reclassified from the equity to other income in the Standalone Statement of Profit and Loss.

Measured at fair value through profit or loss (FVTPL)

A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as other income in the Standalone Statement of Profit and Loss.

Equity instruments

The Company subsequently measures all investments in equity instruments other than subsidiary company at fair value. The Company has elected to present fair value gains and losses on such equity investments through FVTPL, and there is no subsequent reclassification of these fair value gains and losses to other comprehensive income. Dividends from such investments continue to be recognised in profit or loss as other income when the right to receive payment is established.

Changes in the fair value of financial assets at FVTPL are recognised in the Standalone Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Investment in subsidiary company

Investments in subsidiary company is carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiary company the difference between net disposal proceeds and the carrying amounts are recognised in the Standalone Statement of Profit and Loss.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 28.7 details how the Company determines whether there has been a significant increase in credit risk.

For trade and lease receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of such receivables. The Company computes expected lifetime losses based on a provision matrix, which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset, the asset expires or the Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised through the Standalone Statement of Profit and Loss or other comprehensive income as applicable. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Financial liabilities

i) Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

ii) Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the fair value.

iii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Standalone Statement of Profit and Loss.

iv) Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged or cancelled or expired.

p) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the Standalone Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the assets and settle the liabilities simultaneously.

q) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest rate method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. If not, the fee is deferred until the draw down occurs.

Borrowings are removed from the Standalone Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income | (expense).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

r) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

s) Provisions and contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each year end and reflect the best current estimate. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

t) Employee benefits

Defined benefit plan

Gratuity

Gratuity liability is a defined benefit obligation and is computed on the basis of an actuarial valuation by an actuary appointed for the purpose as per projected unit credit method at the end of each financial year. The liability or asset recognised in the Standalone Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The liability so provided is paid to a trust administered by the trustees nominated by the Company, which in turn invests in eligible securities to meet the liability as and when it becomes due for payment in future. Any shortfall in the value of assets over the defined benefit obligation is recognised as a liability with a corresponding charge to the Standalone Statement of Profit and Loss.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate at the beginning of the period to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Standalone Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the Statement of changes in equity and in the Standalone Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plan

Contributions to defined contribution schemes such as contribution to provident fund, superannuation fund, employees' state insurance corporation, national pension scheme and labour welfare fund are charged as an

expense to the Standalone Statement of Profit and Loss based on the amount of contribution required to be made as and when services are rendered by the employees. The above benefits are classified as defined contribution schemes as the Company has no further defined obligations beyond the monthly contributions.

Short-term employee benefits

All employee benefits payable within 12 months of service such as salaries, wages, bonus, ex-gratia, medical benefits, etc, are recognised in the year in which the employees render the related service and are presented as current employee benefit obligations. Termination benefits are recognised as an expense as and when incurred.

Short-term employee benefits are provided at undiscounted amount during the accounting period based on service rendered by employees.

Other long-term employee benefits

The liabilities for earned leave is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

u) Earnings per share

Earnings per share (EPS) is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted EPS, the net profit for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Critical estimates and judgements

Preparation of the Standalone Financial Statements require use of accounting estimates, judgements and assumptions, which by definition, will seldom equal the actual results. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the Standalone Financial Statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Standalone Financial Statements. This Note provides an overview of the areas that involve a higher degree of judgements or complexity and of items that are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial Statements.

The areas involving critical estimates or judgements are:

- i) Estimation for income tax: Note 1 (d)
- ii) Estimation of useful life of property, plant and equipment: Note 1 (f)
- iii) Estimation of defined benefit obligations: Note 1 (t)
- iv) Impairment: Note 1 (i)

The Government of India has consolidated multiple existing labour legislations into a unified framework comprising four labour codes collectively referred to as the 'New Labour Codes' on November 21, 2025. Accordingly, the Company has assessed the impact of these changes and based on certain estimates and actuarial valuation, has made an incremental provision of ₹ 8.94 lakh under employee benefit expenses in the Standalone Financial Statements for the year ended on March 31, 2026, considering information available. The Company continues to monitor the finalisation of the Central I State rules and clarifications from the Government on the New Labour Codes and will recognise the impact of change in the estimate in that period, as needed.

Note 28.5 Employee benefit obligations**Funded schemes****a) Defined contribution plans****Gratuity**

The gratuity fund is maintained with the Life Insurance Corporation of India and Bajaj Allianz Life Insurance under Group Gratuity scheme. Every employee is entitled to a benefit equivalent to the last drawn salary of 15 days for each completed year of service as per Payment of Gratuity Act, 1972 till November 20, 2025, and thereafter the Code on Social Security, 2020. Accordingly, Gratuity is calculated based on wages with applicable cap as per prevailing Act or the Company scheme, whichever is more beneficial to employees. Gratuity is payable at the time of separation or retirement from the Company, whichever is earlier.

The benefit vests after five years of continuous service. The defined benefit plan for gratuity of the Company is administered by separate gratuity funds that are legally separate from the Company. The trustees nominated by the Company are responsible for the administration of the plan. The funding of these plans are based on gratuity fund's actuarial measurement framework set out in the funding policies of the plan. Employees do not contribute to any of these plans.

Significant estimates: Actuarial assumptions and sensitivity

The significant actuarial assumptions were as follows:

Particulars	As at March 31, 2026	As at March 31, 2025
Discount rate	7.14%	6.71%
Attrition rate	13.00%	10.00%

Salary escalation rate	10.00%	10.07%
Mortality rate	Indian assured lives mortality (2012-14) urban	Indian assured lives mortality (2012-14) urban

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Change in assumptions		Impact on defined benefit obligation			
			Increase in assumptions		Decrease in assumptions	
	As at March 31, 2026	As at March 31, 2025	As at March 31, 2026	As at March 31, 2025	As at March 31, 2026	As at March 31, 2025
Discount rate	1.00%	1.00%	(6.26%)	(8.05%)	7.07%	9.32%
Attrition rate	1.00%	1.00%	(2.13%)	(2.99%)	2.29%	3.29%
Rate of return on plan assets	1.00%	1.00%	6.26%	8.05%	(7.07%)	(9.32%)
Salary escalation rate	1.00%	1.00%	6.78%	8.93%	(6.16%)	(7.89%)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied while calculating the defined benefit liability recognised in the Standalone Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change as compared to the previous year.

Risk exposure

Through its defined contribution plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

i) Interest rate risk

A fall in the discount rate that is linked to the government securities rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Note 28.5 Employee benefit obligations (continued)**ii) Salary risk**

The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan liability.

iii) Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate, which is determined with reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities and other debt instruments.

iv) Concentration risk

Plan is having a concentration risk as all the assets are invested with two insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

The Company actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. It has not changed the processes used to manage its risks from previous periods. Investments are well diversified, such that the failure of any single investment will not have a material impact on the overall level of assets. A large portion of assets consists of insurance funds; it also invests in corporate bonds and special deposit schemes. The plan asset mix is in compliance with the requirements of the respective local regulations.

Expected contributions to post-employment benefit plans for the year ending March 31, 2027, are ₹ 2.89 lakh.

The weighted average duration of the defined benefit obligation is 8 years (2024-25: 10 years). The expected maturity analysis of gratuity is as follows:

(₹ lakh)

Particulars	Less than a year	Between 1 - 2 years	Between 2 - 5 years	Over 5 years	Total
Defined benefit obligation (gratuity)					
As at March 31, 2026	1.49	1.90	8.93	33.52	45.84
As at March 31, 2025	0.52	0.67	2.86	22.20	26.25

b) Other long-term benefits

Leave encashment is payable to eligible employees who have earned leaves, during the employment and | or on separation as per the policy of the Company. Valuation in respect of leave encashment has been carried out by an independent actuary, as at the Standalone Balance Sheet date, based on the following assumptions:

(₹ lakh)

Expenses recognised (included in Note 24)	2025-26	2024-25
Present value of unfunded obligations	11.62	9.15
Current	1.27	0.73

Note 28.5 Employee benefit obligations (continued)

c) Defined contribution plans:

Provident fund

State defined contribution plans

Employers' contribution to employees' state insurance

Employers' contribution to employees' pension scheme 1995

The provident fund and the state defined contribution plans are operated by the Regional Provident Fund Commissioner. Under the scheme, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit scheme to fund the benefits. These funds are recognised by the income tax authorities. The contribution of the Company to the provident fund and other contribution plans for all employees is charged to the Standalone Statement of Profit and Loss.

The Company has recognised the following amounts in the Standalone Statement of Profit and Loss for the year (refer Note 24):

(₹ lakh)

Particulars	2025-26	2024-25
Contribution to provident fund	5.76	5.21

¹Excludes investments in subsidiary company which are carried at cost and hence are not required to be disclosed as per Ind AS 107 'Financial Instruments Disclosures'.

Note 28.6 Fair value measurements (continued)

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

a) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are: a) recognised and measured at fair value and b) measured at amortised cost and for which fair values are disclosed in the Standalone Financial Statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed in the Indian Accounting Standard. An explanation of each level follows underneath the table:

(₹ lakh)

i)	Financial assets and liabilities measured at fair value as at March 31, 2026	Level 1	Level 2	Level 3	Total

	Financial investments measured at FVTPL:				
	Unquoted equity shares ¹	-	-	42.77	42.77
	Mutual funds at FVTPL	-	577.91	-	577.91
	Total financial assets	-	577.91	42.77	620.68

¹Includes investments in BEIL Infrastructure Ltd (21,000 equity shares) and Narmada Clean Tech (4,06,686 equity shares), which are for operation purpose and the Company has to hold it till production at GIDC, Ankleshwar site continues. The Company estimates that the fair value of these investments are not materially different as compared to its cost.

There were no transfers between any levels during the year.

Level 1: This hierarchy includes financial instruments measured using quoted prices. The fair value of all equity instruments that are traded on the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques, which maximise the use of observable market data and rely as little as possible on entity-specific estimates. The mutual fund units are valued using the closing net assets value. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Note 28.6 Fair value measurements (continued)

b) Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include:

- i) the use of quoted market prices or dealer quotes for similar instruments
- ii) the fair value of the remaining financial instruments is determined using discounted cash flow analysis

c) Valuation processes

The Finance department of the Company includes a team that performs the valuations of financial assets and liabilities with assistance from independent external experts when required, for financial reporting purposes, including level 3 fair values.

d) Fair value of financial assets and liabilities measured at amortised cost

(₹ lakh)

Particulars	As at March 31, 2026	As at March 31, 2025
	Carrying amount Fair value	Carrying amount Fair value
Financial assets		
Security deposits for utilities and premises	94.57	94.57
Other receivable	22.77	-
Total financial assets	117.34	94.57
Financial liabilities		
Total financial liabilities	-	-

The carrying amounts of trade receivables, cash and cash equivalents, other receivables, trade payables, employee benefits payable, payable towards expenses, creditors for capital goods and security deposits are considered to be the same as their fair values due to the current and short-term nature of such balances.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Note 28.7 Financial risk management

The business activities of the Company are exposed to a variety of financial risks, namely liquidity risk, market risk and credit risk. Responsibility for the establishment and oversight of the risk management framework lies with the Senior Management of the Company. The Company has an internal team who are responsible for developing and monitoring the risk management policies of the Company. The key risks and mitigating actions are also placed before the Board of the Company. The risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the activities of the Company.

This note explains the risks which the Company is exposed to and how the Company manages the risks in the Standalone Financial Statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Trade receivables, financial assets measured at amortised cost	Ageing analysis and credit rating	Credit limits and diversification of investments in mutual fund
Liquidity risk	Cash and cash equivalents, borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk	Investments in mutual funds	Analysis of returns	Portfolio management in accordance with risk management policy

Note 28.7 Financial risk management (continued)

a) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty fails to meet its contractual obligations. Credit risk arises from cash and cash equivalents, financial assets measured at amortised cost or fair value through profit and loss and deposits with banks and financial institutions, as well as credit exposures to trade | non-trade customers including outstanding receivables.

i) Credit risk management

Credit risk is managed through the policy surrounding Credit Risk Management.

ii) Provision for expected credit losses

The Company provides for expected credit loss based on the following:

Trade receivables

Credit risk with respect to trade receivables is limited. As trade receivables consist of few customers, for which ongoing credit evaluation is performed on the financial condition of the trade receivables. Historical experience of collecting receivables of the Company is supported by low level of past default and hence the credit risk is perceived to be low.

Of the trade receivables balance at the end of the year, ₹ 627.77 lakh (March 31, 2025: ₹ 260.17 lakh) is due from related parties. Apart from this, the Company does not have significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics. The Company defines counterparties as having similar characteristics if they are related entities.

b) Liquidity risk

Ultimate responsibility for liquidity risk management rests with the Board of Directors, who has approved an appropriate liquidity risk management framework for short, medium and long-term funding and liquidity management requirements of the Company. The Management monitors rolling forecasts of the liquidity position of the Company and cash and cash equivalents on the basis of expected cash flows and manages liquidity risk by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities.

The following table shows the maturity analysis of financial liabilities of the Company based on contractually agreed undiscounted cash flows including contractual interest payment, as at the Standalone Balance Sheet date:

c) Market risk

i) Cash flow and fair value interest rate risk

Maturity analysis of financial liabilities of the Company is based on contractually agreed undiscounted cash flows as at the Balance Sheet date:

Borrowings of the Company was from Axis Bank Ltd and was mainly exposed to interest rate risk due to its variable interest rate borrowings. The interest rate risk arises due to uncertainties about the future market interest rate of these borrowings.

As an estimation of the approximate impact of the interest rate risk, with respect to financial instruments, the Company has calculated the impact of a 25 bps change in interest rates. A 25 bps increase in interest rates would have led to approximately an additional impact of ₹ Nil lakh (2025-26: ₹ Nil lakh). A 25 bps decrease in interest rates would have led to an equal but opposite effect.

ii) Price risk

Exposure

The Company is mainly exposed to the price risk due to its investments in mutual funds. The price risk arises due to uncertainties about the future market values of these investments. In order to manage its price risk arising from investments in equity instruments, the Company maintains its portfolio in accordance with the framework set by the risk management policies.

Independent Auditor's Report

To The Members of Amal Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of Amal Limited (the Parent) and its subsidiaries, (the Parent and its subsidiary together referred to as the Group), which comprise the Consolidated Balance Sheet as at March 31, 2026, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, (Ind AS) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2026, their consolidated profit and their consolidated other comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report and its annexure, Management Discussion and Analysis, Corporate Governance Report, but does not include the Consolidated Financial Statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information, and consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including Ind AS

specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Parent Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the

underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of business activities included in the Consolidated Financial Statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Parent and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements

have been kept by the Group, so far as it appears from our examination of those books.

- f) With respect to the adequacy of the internal financial controls with reference to Consolidated Financial Statements and the operating effectiveness of such controls, refer to our separate Report in Annexure A which is based on the auditors' reports of the Parent, subsidiary company, incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to Consolidated Financial Statements of those companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the auditor's report of subsidiary company incorporated in India, the remuneration paid by the Parent and such subsidiary company, to their respective directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i) The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group, - Refer Note 28.1 to the Consolidated Financial Statements;
 - ii) The Group, did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent and its subsidiary company, incorporated in India.
 - iv) (a) The respective Managements of the Parent and its subsidiary, which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, as disclosed in the note 28.11 to the Consolidated Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or any of such subsidiary, to or in any other person(s) or entity(ies), including foreign entities (Intermediaries), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or any of such subsidiary (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The respective Managements of the Parent and its subsidiary, which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, as disclosed in the note 28.11 to the Consolidated Financial Statements, no funds have been received by the Parent or any of such subsidiary from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, that the Parent or any of such subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v) The final dividend proposed in the previous year, declared and paid by the Parent, whose financial statements have been audited under the Act, where applicable, during the year is in accordance with section 123 of the Act, as applicable.
- As stated in note 28.16 to the Consolidated Financial Statements, the Board of Directors of the Parent,

whose financial statements have been audited under the Act, where applicable, have proposed final dividend for the year which is subject to the approval of the members of the Parent at the ensuing respective Annual General Meetings. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

No dividend has been proposed, declared or paid by the subsidiary company, incorporated in India, whose financial statements have been audited under the Act, where applicable.

- vi) Based on our examination which included test checks, the Parent and its subsidiary company have used accounting software systems for maintaining their respective books of account for the financial year ended March 31, 2026 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of

audit, we, have not come across any instance of the audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Parent and above referred subsidiary company incorporated in India as per the statutory requirements for record retention.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 (CARO/ the Order) issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us, we report that there are no qualifications or adverse remarks in the CARO reports of the said companies included in the Consolidated Financial Statements.

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the Act)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as at and for the year ended March 31, 2026, we have audited the internal financial controls with reference to Consolidated Financial Statements of Amal Limited (hereinafter referred to as Parent) and its subsidiary company incorporated in India, as of that date.

Management’s and Board of Directors’ Responsibilities for Internal Financial Controls

The respective Company’s management and Board of Directors of the Parent, its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to Consolidated Financial Statements based on the internal control with reference to Consolidated Financial Statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated Financial Statements of the Parent, its subsidiary company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India and the

Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to Consolidated Financial Statements of the Parent, its subsidiary company, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company’s internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that

receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to Consolidated Financial Statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Consolidated Financial Statements

Background

Amal Ltd (the Company) is a public company limited by shares, incorporated and domiciled in India having corporate identification number L24100MH1974PLC017594. The Company is a subsidiary of Atul Ltd. Its shares are listed on the Bombay Stock Exchange ('BSE') in India. The Company is a subsidiary of Atul Ltd. Its registered office is located at Atul House, 310 B, Veer Savarkar Marg, Dadar (West), Mumbai 400 028, Maharashtra, India and its principal place of business is located at Ankleshwar 393 002, Gujarat, India.

The Company and its subsidiary company are referred as Group hereunder. The Group is engaged in the manufacturing of bulk chemicals such as Sulphuric acid and Oleum and their downstream products such as Sulphur dioxide and Sulphur trioxide.

Note 1 Material accounting policies

This Note provides a list of the material accounting policies adopted by the Group in preparation of these Consolidated Financial Statements. These policies have been consistently applied to all the years presented unless otherwise stated. The Consolidated Financial Statements are for the Group consisting of the Company and its subsidiary company.

a) Statement of compliance

The Consolidated Financial Statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act, as amended.

b) Basis of preparation

i) Historical cost convention

The Consolidated Financial Statements have been prepared on a historical cost basis except for the following:

- a) Certain financial assets and liabilities (including derivative instruments): measured at fair value
- b) Defined benefit plans: plan assets measured at fair value

ii) The Consolidated Financial Statements have been prepared on accrual and going concern basis.

iii) Accounting policies are applied consistently to all the periods presented in the Consolidated Financial Statements. All assets and liabilities have been classified as current or non-current as per the normal operating cycle of the Group and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

iv) Recent accounting pronouncements effective from April 01, 2025:

The Ministry of Corporate Affairs (MCA) notifies new standards | amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year, the MCA has amended the Ind AS as below:

Ind AS 1- Presentation of Financial Statements:

The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants.

Ind AS 7- Statement of Cash Flows:

The amendments requires to inform users of the Consolidated Financial Statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates.

Ind AS 107- Financial Instruments Disclosures:

The amendments to add supplier finance arrangements as a factor that may cause concentration of liquidity risk.

Ind AS 12- Income Taxes:

The amendments to the Pillar Two Model Rules introduce a temporary mandatory exemption from deferred tax accounting for top-up taxes and require companies to disclose their use of this exemption. This relief takes effect immediately and applies retrospectively. In addition, the amendments mandate new disclosures to compensate for any potential loss of information resulting from the exemption

Ind AS 21 - The Effects of Changes in Foreign Exchange Rates:

The amendments provide guidance on determining exchangeability between currencies and estimating spot rates when a currency is not exchangeable.

The Group has evaluated the amendments and there is no material impact on its Consolidated Financial Statement.

c) Basis of consolidation

Subsidiary company is entity over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiary company is consolidated from the date on which control commences until the date control ceases. The Group reassesses whether or not it controls an investee, if facts and circumstances indicate that there are one or more changes to elements of control described above.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the Financial Statements of the Parent and its subsidiary company line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting Policies of subsidiary company have been changed where necessary, to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiary company are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of changes in equity and Consolidated Balance Sheet respectively.

Changes in ownership interest

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interest in the subsidiary company. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purpose of subsequently accounting for the retained interest as an associate company, joint venture company or financial asset. In addition, any amount previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to the Consolidated Statement of Profit and Loss.

d) Revenue recognition

i) Revenue from operations

Revenue is recognised when control of goods is transferred to a customer in accordance with the terms of the contract. The control of the goods is transferred upon delivery to the customers either at factory gate of the Group or specific location of the customer or when the goods are handed over to the freight carrier, as per the terms of the contract. A receivable is recognised by the Group when the goods are delivered to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

Revenue is measured based on the consideration to which the Group expects to be entitled as per contract with a customer. The consideration is determined based on the transaction price specified in the contract, net of the estimated variable consideration. Accumulated experience is used to estimate and provide for the variable consideration, using the expected value method and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. Contracts with customers are for short-term, at an agreed price basis having contracted credit period ranging up to 90 days. The contracts do not grant any rights of return to the customer. Returns of Goods are accepted by the Group only on an exception basis. Revenue excludes any taxes or duties collected on behalf of government that are levied on sales such as goods and services tax.

ii) Other income

Interest income from financial assets is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

Dividends are recognised in the Consolidated Statement of Profit and Loss only when the right to receive payment is established; it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

e) Income tax

Income tax expense comprises current tax and deferred tax. Current tax is the tax payable on the taxable income of the current period based on the applicable income tax rates. Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Consolidated Financial Statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit | (loss) nor taxable profit | (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

The Group considers reversals of deferred income tax liabilities, projected future taxable income and tax planning strategies in making the assessment of deferred tax liabilities and realisability of deferred tax assets. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, the Management believes that the Group will realise the benefits of those deductible differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity respectively.

The Group determines whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and uses the approach that better predicts the resolution of the uncertainty. The Group applies significant judgement in identifying uncertainties over income tax treatments. The Group assesses whether the Appendix has an impact on its Consolidated Financial Statements.

Upon adoption of Appendix C to Ind AS 12, the Group considered whether it has any uncertain tax positions based on past experience pertaining to income taxes including those related to transfer pricing. The Group has determined its tax position based on tax compliance and present judicial pronouncements and accordingly expects that its tax treatments will be accepted by the taxation authorities.

f) Leases

As a lessee

The Group assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: i) the contract involves the use of an identified asset, ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease or iii) the Group has the right to direct the use of the asset.

At the commencement date of the lease, the Group recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has the right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

At the commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently, the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

As a lessor

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease substantially transfer all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Income from operating leases where the Group is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Consolidated Balance Sheet based on their nature. Leases of property, plant and equipment where the Group as a lessor has substantially transferred all the risks and rewards are classified as finance lease. Finance leases are capitalised at the inception of the lease at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rent receivables, net of interest income, are included in other financial assets. Each lease receipt is allocated between the asset and interest income. The interest income is recognised in the Consolidated Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the asset for each period.

Under combined lease agreements, land and building are assessed individually.

g) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment (PPE) are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Acquisition cost may also include transfers from equity of any gains or losses on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment.

Subsequent costs are included in the carrying amount of asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Gains or losses arising on retirement or disposal of assets are recognised in the Consolidated Statement of Profit and Loss.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of an item of PPE is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the Consolidated Statement of Profit and Loss.

Spare parts, stand-by equipment and servicing equipment are recognised as property, plant and equipment if they are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and are expected to be used during more than one period.

Depreciation methods, estimated useful lives and residual value

The charge in respect of periodic depreciation is derived after determining an estimate of expected useful life and the expected residual value at the end of its life of the assets. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their lives.

Depreciation is calculated on a pro-rata basis on the straight-line method from the date of acquisition | installation till the date the assets are sold or disposed of:

Estimated useful lives of the assets are as follows:

Asset category	Estimated useful life
Buildings	5 to 60 years
Plant and equipment	3 to 20 years
Vehicles	6 to 10 years
Office equipment and furniture	3 to 10 years

The useful lives have been determined based on technical evaluation done by the Management | experts which are different from the useful life prescribed in Part C of Schedule II to the Act, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset. The residual values, useful lives and method of depreciation of property, plant and equipment are reviewed annually and adjusted prospectively, if appropriate.

The property, plant and equipment, including land acquired under finance leases are depreciated over the useful life of the asset or over the shorter of the useful life of the asset and the lease term if there is no reasonable certainty that the Group will obtain ownership at the end of the lease term.

The carrying amount of an asset is written down immediately to its recoverable amount if the carrying amount of the asset is greater than its estimated recoverable amount.

Land accounted under finance lease is amortised on a straight-line basis over the primary period of lease.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful life.

h) Capital work-in-progress

The cost of PPE under construction at the reporting date is disclosed as 'Capital work-in-progress.' The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Advances paid for the acquisition | construction of PPE which are outstanding at the Balance Sheet date are classified under the 'Capital Advances'.

i) Other intangible assets

Computer software includes enterprise resource planning application and other costs relating to such software that provide significant future economic benefits. These costs comprise license fees and cost of system integration services.

Development expenditure qualifying as an intangible asset, if any, is capitalised, to be amortised over the economic life of the product | patent.

Computer software cost is amortised over a period of three years using the straight-line method.

j) Impairment

The carrying amount of assets are reviewed at each Consolidated Balance Sheet date to assess if there is any indication of impairment based on internal | external factors. An impairment loss on such assessment will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

k) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with bank and other short-term (three months or less from the date of investment), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

l) Statement of cash flows

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash generated from | (used) in operating, investing and financing activities of the Group are segregated.

m) Trade receivables

Trade receivables are recognised at the amount of transaction price (net of variable consideration) when the right to consideration becomes unconditional. These assets are held at amortised cost, using the effective interest rate (EIR) method where applicable, less provision for impairment based on expected credit loss. Trade receivable overdue for more than 180 days are considered as receivable with significant increase in credit risk.

n) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the EIR method.

o) Inventories

Inventories are stated at cost or net realisable value, whichever is lower. Cost is determined on periodic moving weighted average basis.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to effect the sale.

Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventory to the present location and condition.

Due allowances are made for slow | non-moving, defective and obsolete inventories based on estimates made by the Group.

Items such as spare parts, stand-by equipment and servicing equipment that are not plant and machinery get classified as inventory.

p) Investments and other financial assets

Classification and measurement

The Group classifies its financial assets in the following measurement categories

- i) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss)
- ii) those measured at amortised cost

The classification depends on business model of the Group for managing financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income (OCI). For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through OCI.

Debt instruments

Initial recognition and measurement

Financial asset is recognised when the Group becomes a party to the contractual provisions of the instrument. Financial asset is recognised initially at fair value plus, in the case of financial asset not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial asset carried at fair value through profit or loss are expensed in the Consolidated Statement of Profit and Loss.

Subsequent measurement

Subsequent measurement of debt instruments depends on the business model of the Group for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

Measured at amortised cost

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the EIR method less impairment, if any, the amortisation of EIR and loss arising from impairment, if any is recognised in the Consolidated Statement of Profit and Loss.

Measured at fair value through other comprehensive income (FVTOCI)

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the OCI. Interest income measured using the EIR method and impairment losses, if any are recognised in the Consolidated Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to other income in the Consolidated Statement of Profit and Loss.

Measured at fair value through profit or loss (FVTPL)

A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as other income in the Consolidated Statement of Profit and Loss.

Equity instruments

The Group subsequently measures all investments in equity instruments at fair value. The Management of the Group has elected to present fair value gains and losses on its investment equity instruments in other comprehensive income and there is no subsequent reclassification of these fair value gains and losses to the Consolidated Statement of Profit and Loss. Dividends from such investments continue to be recognised in the Consolidated Statement of Profit and Loss as other income when the right to receive payment is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and FVOTCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade and lease receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of such receivables. The Group computes expected lifetime losses based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition

A financial asset is derecognised only when the Group has transferred the rights to receive cash flows from the financial asset, the asset expires or the Group retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised through the Consolidated Statement of Profit and Loss or other comprehensive income as applicable. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Financial liabilities

i) Classification as debt or equity:

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

ii) Initial recognition and measurement:

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the fair value.

iii) Subsequent measurement:

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Consolidated Statement of Profit and Loss.

iv) Derecognition:

A financial liability is derecognised when the obligation specified in the contract is discharged or cancelled or expired.

q) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the Consolidated Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the assets and settle the liabilities simultaneously.

r) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in Consolidated Statement of Profit and Loss over the period of the borrowings using the effective interest rate method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. If not, the fee is deferred until the draw down occurs.

Borrowings are removed from the Consolidated Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in Consolidated Statement of Profit and Loss as other income | (expense).

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

s) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

t) Provisions and contingent liabilities

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each year end and reflect the best current estimate. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

u) Employee benefits

Defined benefit plan

Gratuity

Gratuity liability is a defined benefit obligation and is computed on the basis of an actuarial valuation by an actuary appointed for the purpose as per projected unit credit method at the end of each financial year. The liability or asset recognised in the Consolidated Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The liability so provided is paid to a trust administered by the trustees nominated by the Group, which in turn invests in eligible securities to meet the liability as and when it becomes due for payment in future. Any shortfall in the value of assets over the defined benefit obligation is recognised as a liability with a corresponding charge to the Consolidated Statement of Profit and Loss.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate at the beginning of the period to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Consolidated Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the Consolidated Statement of changes in equity and in the Consolidated Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plan

Contributions to defined contribution schemes such as contribution to provident fund, superannuation fund, employees' state insurance corporation, national pension scheme and labours welfare fund are charged as an expense to the Consolidated Statement of Profit and Loss based on the amount of contribution required to be made as and when services are rendered by the employees. The above benefits are classified as defined contribution schemes as the Group has no further defined obligations beyond the monthly contributions.

Short-term employee benefits

All employee benefits payable within 12 months of service such as salaries, wages, bonus, ex-gratia, medical benefits, etc are recognised in the year in which the employees render the related service and are presented as current employee benefit obligations. Termination benefits are recognised as an expense as and when incurred.

Short-term employee benefits are provided at undiscounted amount during the reporting period based on service rendered by employees.

Other long-term employee benefits

The liabilities for earned leave is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

v) Earnings per share

Earnings per share (EPS) is calculated by dividing the net profit or loss for the period attributable to equity shareholders of Amal Ltd by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the EPS is the net profit for the period and any attributable tax thereto for the period.

For the purpose of calculating diluted EPS, the net profit for the period attributable to equity shareholders of Amal Ltd and the weighted average number of equity shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Critical estimates and judgements

Preparation of the Consolidated Financial Statements require the use of accounting estimates, judgements and assumptions, which by definition, will seldom equal the actual results. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the Consolidated Financial Statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Consolidated Financial Statements. This Note provides an overview of the areas that involves a higher degree of judgement or complexity and of items that are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Consolidated Financial Statements.

The areas involving critical estimates or judgements are:

- i) Estimation for income tax: Note 1 (e)
- ii) Estimation of useful life of property, plant and equipment: Note 1 (g)
- iii) Estimation of defined benefit obligation: Note 1 (u)

The Government of India has consolidated multiple existing labour legislations into a unified framework comprising four labour codes collectively referred to as the 'New Labour Codes' on November 21, 2025. Accordingly, the Group has assessed the impact of these changes and based on certain estimates and actuarial valuation, has made an incremental provision of ₹ 14.10 lakh under employee benefit expenses in the Consolidated Financial Statements for the year ended on March 31, 2026, considering information available. The Group continues to monitor the finalisation of the Central I State rules and clarifications from the Government on the New Labour Codes and will recognise the impact of change in the estimate in that period, as needed.

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Change in assumptions		Impact on defined benefit obligation			
			Increase in assumptions		Decrease in assumptions	
	As at March 31, 2026	As at March 31, 2025	As at March 31, 2026	As at March 31, 2025	As at March 31, 2026	As at March 31, 2025
Discount rate	1.00%	1.00%	(6.81%)	(9.09%)	7.75%	10.65%
Attrition rate	1.00%	1.00%	(2.49%)	(3.79%)	2.68%	4.18%
Rate of return on plan assets	1.00%	1.00%	6.81%	9.09%	(7.75%)	(10.65%)
Salary escalation rate	1.00%	1.00%	7.44%	10.20%	(6.70%)	(8.91%)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied while calculating the defined benefit liability recognised in the Consolidated Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change as compared to the previous year.

Risk exposure

Through its defined contribution plans, the Group is exposed to a number of risks, the most significant of which are detailed below:

i) Interest rate risk

A fall in the discount rate which is linked to the government securities rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

ii) Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan liability.

iii) Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate, which is determined with reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities and other debt instruments.

iv) Concentration risk

Plan is having a concentration risk as all the assets are invested with the insurance companies and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

The Group actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. It has not changed the processes used to manage its risks from previous periods. Investments are well diversified, such that the failure of any single investment will not have a material impact on the overall level of assets. A large portion of assets consists of insurance funds; it also invests in corporate bonds and special deposit schemes. The plan asset mix is in compliance with the requirements of the respective local regulations.

Expected contributions to post-employment benefit plans for the year ending March 31, 2027, are ₹ 6.49 lakh.

Note 28.5 Employee benefit obligations (continued)

The weighted average duration of the defined benefit obligation is 8 years (2024-25: 10 years). The expected maturity analysis of gratuity is as follows:

(₹ lakh)

Particulars	Less than a year	Between 1 - 2 years	Between 2 - 5 years	Over 5 years	Total

As at March 31, 2026	1.56	2.95	13.71	59.29	77.51
As at March 31, 2025	0.53	0.70	5.04	44.88	51.15

b) Other long-term benefits

Leave encashment is payable to eligible employees who have earned leaves, during the employment and | or on separation as per the policy of the Group. Valuation in respect of leave encashment has been carried out by an independent actuary, as at the Balance Sheet date, based on the following assumptions:

(₹ lakh)

c) Defined contribution plans:**Provident fund****State defined contribution plans**

Employers' contribution to employees' state insurance

Employers' contribution to employees' pension scheme 1995

The provident fund and the state defined contribution plans are operated by the Regional Provident Fund Commissioner. Under the scheme, the Group is required to contribute a specified percentage of payroll cost to the retirement benefit scheme to fund the benefits. These funds are recognised by the income tax authorities. The contribution of the Group to the provident fund and other contribution plans for all employees is charged to the Consolidated Statement of Profit and Loss.

The Group has recognised the following amounts in the Consolidated Statement of Profit and Loss for the year (refer Note 24):

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Group does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

a) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are: a) recognised and measured at fair value and b) measured at amortised cost and for which fair values are disclosed in the Consolidated Financial Statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the 3 levels prescribed in the Indian Accounting Standard.

An explanation of each level follows underneath the table:

(₹ lakh)

i)	Financial assets and liabilities measured at fair value as at March 31, 2026	Level 1	Level 2	Level 3	Total

	Total financial assets	-	1,923.27	42.77	1,966.04

¹Includes investments in BEIL Infrastructure Ltd (21,000 equity shares) and Narmada Clean Tech (4,06,686 equity shares), which are for operation purpose and the Company has to hold it till production at GIDC, Ankleshwar site continues. The Company estimates that the fair value of these investments are not materially different as compared to its cost.

There were no transfers between any levels during the year.

Level 1: This hierarchy includes financial instruments measured using quoted prices. The fair value of all equity instruments that are traded on the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques, which maximise the use of observable market data and rely as little as possible on entity-specific estimates. The mutual fund units are valued using the closing net assets value. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

b) Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments,
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

c) Valuation processes

The Finance department of the Group includes a team that performs the valuations of financial assets and liabilities with assistance from independent external experts when required, for financial reporting purposes, including level 3 fair values.

d) Fair value of financial assets and liabilities measured at amortised cost

(₹ lakh)

Particulars	As at March 31, 2026	As at March 31, 2025
	Carrying amount Fair value	Carrying amount Fair value
Financial assets		
Security deposits for utilities and premises	118.27	94.57
Other receivable	61.09	-
Total financial assets	179.36	94.57

The carrying amounts of trade receivables, other receivables, cash and cash equivalents, trade payables, capital creditors, employee benefits payable, payable towards expenses and security deposits payable are considered to be the same as their fair values due to the current and short-term nature of such balances.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Note 28.7 Financial risk management

The business activities of the Group are exposed to a variety of financial risks, namely liquidity risk, market risk and credit risk. Responsibility for the establishment and oversight of the risk management framework lies with the Senior Management of the Group. The Group has an internal team who are responsible for developing and monitoring the risk management policies of the Group. The key risks and mitigating actions are also placed before the Board of the Group. The risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the activities of the Group.

This note explains the risks which the Group is exposed to and how the Group manages the risks in the Consolidated Financial Statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Trade receivables, financial assets measured at amortised cost	Aging analysis and credit rating	Credit limits and diversification of investments in mutual fund and credit limits
Liquidity risk	Cash and cash equivalents, borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk	Investments in mutual funds	Analysis of returns	Portfolio management in accordance with risk management policy

a) Credit risk

Credit risk is the risk of financial loss to the Group, if a customer or counterparty fails to meet its contractual obligations. Credit risk arises from cash and cash equivalents, financial assets measured at amortised cost or fair value through profit and loss and deposits with banks and financial institutions, as well as credit exposures to trade | non-trade customers including outstanding receivables.

i) Credit risk management

Credit risk is managed through the policy surrounding Credit Risk Management.

ii) Provision for expected credit losses

The Group provides for expected credit loss based on the following:

Trade receivables

Trade receivables consist of few customers, for which ongoing credit evaluation is performed on the financial condition of the account receivables. Historical experience of collecting receivables of the Group is supported by low level of past default and hence the credit risk is perceived to be low.

Of the trade receivables balance at the end of the year, ₹ 913.79 lakh (March 31, 2025: ₹ 383.06 lakh) is due from related parties and ₹ 259.43 lakh (March 31, 2025: ₹ 152.10 lakh) is due from Lupin Ltd, one of the Group's major customer. Apart from this, the Group does not have significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics. The Group defines counterparties as having similar characteristics if they are related entities.

b) Liquidity risk

Ultimate responsibility for liquidity risk management rests with the Board of Directors, who has approved an appropriate liquidity risk management framework for short, medium and long term funding and liquidity management requirements of the Group. The Management monitors rolling forecasts of the liquidity position of the Group and cash and cash equivalents on the basis of expected cash flows and manages liquidity risk by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities.

Note 28.7 Financial risk management (continued)

The following table shows the maturity analysis of financial liabilities of the Group based on contractually agreed undiscounted cash flows including contractual interest payment, as at the Balance Sheet date:

c) Market risk**i) Cash flow and fair value interest rate risk**

Maturity analysis of financial liabilities of the Group is based on contractually agreed undiscounted cash flows as at the Balance Sheet date:

Borrowings of the Group are from Axis Bank Ltd and is mainly exposed to interest rate risk due to its variable interest rate borrowings. The interest rate risk arises due to uncertainties about the future market interest rate of these borrowings.

As an estimation of the approximate impact of the interest rate risk, with respect to financial instruments, the Group has calculated the impact of a 25 bps change in interest rates. A 25 bps increase in interest rates might have led to approximately an additional impact of ₹ Nil lakh (2024-25: ₹ Nil lakh). A 25 bps decrease in interest rates might have led to an equal but opposite effect.

ii) Price risk**Exposure**

The Group is mainly exposed to the price risk due to its investments in mutual funds. The price risk arises due to uncertainties about the future market values of these investments. In order to manage its price risk arising from investments in equity instruments, the Group maintains its portfolio in accordance with the framework set by the risk management policies.

Note 28.8 Segment information

Operating segments are the components of the Group whose operating results are regularly reviewed by the chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available. The CODM examine the Group's performance both from the service and geographic perspective and has been identified single reportable segments of its business. The Group has determined its business segment as 'manufacturing of bulk chemicals'. Since significant portion of the Group's business is from manufacturing of bulk chemicals, there are no other primary reportable segments, thus, the segment revenue, total carrying amount of segment assets, total carrying amount of segment liabilities, total cost incurred to acquire the segment assets, total amount of charge of depreciation and amortisation during the year are all as is reflected in the Consolidated Financial Statements as at and for the year ended March 31, 2026. The Group is operating in domestic market and there are no reportable geographical segments.

₹ 9,065.37 lakh (2024-25: ₹ 7,144.72 lakh) revenue from customers who contributes more than 10% of total revenue individually.
